About Kenneth Leland

Leland will speak at several events planned throughout the day. A Marine squad leader wounded twice in Vietnam, Leland returned to the United States to become a police officer and later the chief of police. He joined the Department of Agriculture before retiring and currently volunteers speaking about the Vietnam War and lessons learned from his tour of duty. A recipient of the George Washington Honor Medal from the Freedoms Foundation at Valley Forge, Leland will discuss his volunteer work—bringing context to an important time in America's history and assist students and the community in better understanding how the nation and world we live in came to be.
