Subject: Community Engagement Grant
Attachments: Community Engagement Grant Program-Final Report 2018.docx

Dear Colleagues,

This year, the Center for Public Scholarship and Social Change received a record number of applications for funding under the Community Engagement Grant Program. As a result, not all proposals could be fully funded. However, the Center is able to provide \$1200 toward student wages. Perhaps your school dean will be able to supply the balance.

I have copied Lori Leaman on this email. You should contact her with regard to the transfer of funds.

Please use the attached form to submit your final project report by June 30, 2019.

Best wishes for a successful project.

Mary

Mary H. Glazier, Professor of Sociology
Chair, Sociology/Anthropology Department
Director, Center for Public Scholarship and Social Change
