Dear Department Chairperson

The purpose of this letter is to verify that Dr. Jeffrey Wimer will be assisting me in data collection and authorship on a project investigating business practices and requisite knowledge required of certified athletic trainers. We will be convening two focus groups at the National Athletic Trainers' Association annual symposium to be held in San Antonio, Texas June 17-20, 2009. There is potential for at least two publications and several presentations resulting from these data. Please feel free to contact me if you have any questions or concerns.

Professionally,
